

# City to host first National Congress on Mycology

---

From 14 to 16th November, the first National Congress on Mycology called MYCOCON will be held at Science City. Mycology is the branch of Biology concerned with the study of fungi, including their genetic and biochemical properties, taxonomy and their use to humans as a source for [tinder](#), medicine, food as well as their dangers, such as poisoning or infection.

In a Press meet by DR. Subhash Todi, Dr. Shankar Sengupta, DR. Ajoy Sarkar and other Microbiologists discussed about the deadly fungal infection prior to the central programme.
